

JORNADA DE ACTUALIZACIÓN EN BIOTECNOLOGÍAS REPRODUCTIVAS EN EQUINOS
SABADO 17 DE SEPTIEMBRE, REMONTA Y VETERINARIA, CABA
PROGRAMA PRELIMINAR

8,00-8,15. Acreditación

8,15-8,30. *Presentación de la Jornada- Introducción.* Fernando L. Riera; Marcelo Miragaya, Luis Losinno, Daniel Salamone

8,30-10,30. SESIÓN 1 - INTERNATIONAL SYMPOSIUM ON EQUINE EMBRYO TRANSFER (ISEET) Gent (Bélgica) (I) 2016. Moderador: Luis Losinno

8:30-8:45. ABSTR 17- Effect of the interval from Prostaglandin F2a treatment to ovulation on Embryo Recovery Rate and subsequent Pregnancy Rate in a commercial Equine Embryo Transfer program
M.S. Pietrani, J. CuervoArango , L. Losinno.

PRESENTA: LUIS LOSINNO

8:45-9:00. ABSTR 43-Effects of asynchronous Embryo transfer on the endometrial transcriptome in mares Gibson et al

ABSTR 71-Effect of asynchronous embryo transfer on the transcriptome of early equine conceptus membranes Gibson et al

PRESENTA: MICAELA VON MEYEREN

9:00-9:15. ABSTR 42- Pregnancy rate and pregnancy loss after transfer or in vivo and in vitro derived equine embryos. McCue et al

PRESENTA: FRANCISCA EBEL

9:15-9:30. ABSTR 21- Application of flunixinmeglumine at the time of embryo transfer and the effect on the fertility. Okada CTC, Segabinazzi LG, M.A. Alvarenga

PRESENTA: BARBARA CAPELLO

9:30-9:45. ABSTR -Embryo quality grade and recipient ovulation rate affect pregnancy rates in embryo transfer recipient mares. H.G. Pedersen, M. Niklasson , A. Vullers , M. Christoffersen

PRESENTA: ERIKA NIETO

9:45-10:00. ABSTR 42- Comparision of pregnancy rates between acyclic mules and cyclic mares as a recipients for embryo transfer. Camargo et al

PRESENTA: CAROLINA ALONSO

10:00-10:15. ABSTR 6- Easy, quick and cheap technique to cryopreserve Welsh B pony blastocyst. Florence Guignot, Thierry Blard , Philippe Barriere , Thierry Gasgogne , YvanGaude , Jean-Marie Yvon , Pascal Mermillod , FabriceReigner

ABSTR 31-Vitrification of large equine embryos following manual or micromanipulator-assisted blastocoele collapse. R.A. Ferris*, P.M. McCue, D.A. Trundell, J.K. Morrissey, J.P. Barfield

PRESENTA: CATALINA CASTAÑEIRA

10:15-10:30. ABSTR -In vitro embryo production of equine embryos by ovum pick up and ICSI in young mares. Sanchez et al

PRESENTA: ADRIAN MUTTO

10,30-11,00. CAFÉ

11,00-13,00. SESION 2. INTERNATIONAL SYMPOSIUM ON EQUINE EMBRYO TRANSFER, (ISEET) Gent (Bélgica) (II) 2016. Moderador: Fernando Riera.

11:00-11:15. ABSTR 15-Application of ultrasound technique in early fetal gender determination e the field study. Martinez Zuviria, A. Zagrajczuk

PRESENTA SANTIAGO MZ

11:15-11:30. ABSTR 37-Influence of mare parity on weight, height, thoracic circumference and vitality of neonatal foals. F.J. Affonso, M.G. Meirelles, M.A. Alonso, C.F. Guimaraes, K.M. Lemes, M. Nichi, C.B. Fernandes

PRESENTA SANTIAGO MZ

11:30-11:45. ABSTR 40 Potential to reduce negative effects of exercise stress on number of pregnancies in a commercial embryo transfer program M. Pinto , M. Miragaya, P. Burns, R. Douglas , D. Neild

ABSTR 49- The effect of exercise of the donor mare in an embryo transfer program. M. Christoffersen , M. DigeSoegaard , H. Gervi Pedersen , R. Munk Andersen

PRESENTA MARCELO PINTO

11:45:12:00. ABSTR 67-Results and limitations on the use of sex-sorted semen in conventional et programs in polo argentino breed F.A. Lascombes , L. Zubiri , M. Gogorza , G. Anca , S. Bereterbide , J. Polola , M. Cipolla , R. Pashen

PRESENTA LUCAS ZUBIRI

12:00- 12:15. ABSTR-Factors influencing oocyte recovery and in-invitro production of equine embryos in a commercial OPU/ICSI program. A. Claes et al.

PRESENTA JAIME ROLDAN

12:15- 12:30. ABSTR 39-Overnight shipping of equine oocytes from remote locations to an ART laboratory enables access to the flexibility of OPU-ICSI end embryo cryo-preservation technologies. Galli et al

12:30-12:45 ABSTR:

PRESENTA BELEN RODRIGUEZ

12:45-13:00. ABSTR 12-Dynamics of in vitro maturation of equine oocytes recovered by transvaginal follicular aspiration. María Belen Rodríguez , Andres Gambini , Amada Eugenia Ynsaurralde, Olinda Briski , Hernan Largel , Daniel Felipe Salamone

PRESENTA BELEN RODRIGUEZ

13,00-14,30. ALMUERZO

14,30-16,00. SESION 3 - INTERNATIONAL SYMPOSIUM ON STALLION REPRODUCTION (ISSR), Urbana, Illinois (USA). Moderador: Marcelo Miragaya

14,30-14,45. Recent Development in Stallion Semen Preservation. GibbsZ., & Aitken R

PRESENTA:MARIANA CAPDEVILLA

14,45-15,00. Host Fractors that contribute to Equine Arteritis Virus persistence in the stallion: an Update. Balasuriya U, Sankar S., Carossino M., Go Y., Chelvarajan L., Cook R., Loynachan T., Timoney P.

PRESENTA:MARIA BARRANDEGUY

15,00.15,15. Application of Various techniques in Localizing retained Testes in horses before Cryptorchidectomy. Pozor M.

PRESENTA: MARCELO PINTO

15,15-15,30. Influence od semen on equine embryo development after ICSI in comercial program Y H Choi y col.

PRESENTA: CLARA BACA CASTEX

15,30-15,45. The effect of dual hemisphere breeding on stallion fertility. Walbornn S., Varner D., Blanchard T., Love C.

PRESENTA: DEBORAH NEILD

15,45-16,00. Effect of autologous seminal plasma on the capacitation and acrosome reaction of equine sperm Ferrante A., Neild D., Caldevilla M., Carretero M., Vazquez Levin M., Miragaya M.

PRESENTA: ALEJANDRO FERRANTE

16,00-16,15. Pulse Doppler ultrasound as a predective tool for semen quality of stallion. Ortega Fergusolo C., Ortiz-Rodriguez J., Rodriguez Medina P., Muñoz P., Alvarez M., Peña F., Anel L.

PRESENTA: ANA ALONSO

16,15-16,30. Cryopreservation of epididymal semen: a retrospective study of 101 clinical cases Fors G., Moffett P.,Graham J., McCueP.

PRESENTA: LUCIANO REARAZ

16,30-16,45. Comparision of centrifugation and non centrifugation methods to cryopreserve stallion epididymal semen. Prel M., Ellerbrock J., Stewart M., Bojko I., Canisso I.

PRESENTA: SUSANA WACHOLDER

16,45-17,00. CAFÉ

17,00-18,00. SESION 4: INTERNATIONAL CONGRESS ON ANIMAL REPRODUCTION (ICAR)Tours (Francia). Moderador: Daniel Salamone
